

EMR2 Series | Ecotrol-Radfire™ HighFlow Ultraviolet Water Treatment System

The Ecotrol™ EMR2 **top-of-the-range** unit, is the preferred choice, incorporates Radfire™ and Dual-Filtration technology, giving purified water anywhere in the house.

This unit does all that the EMR1 unit does but has an added prefilter which gives **longer cartridge life and extra sediment reduction.**

Radfire

Features

- Designed for alternative water supplies
- Multi-point protection
- 4 models to choose from
- High sediment capacity
- Dual stage filtration
- No moving parts
- Impossible to overdose
- No Chemicals
- Lamp fail alarm
- Low maintenance
- Energy Efficient
- Versatile – many cartridge options
- Taste & Odour reduction – standard

Size of Residence	Flow LPM	Ordering Code	Housing Size	Filtration Type			Level of Protection	Rating	Connection
				A	B	C Radfire			
Small to Medium Residence	45	EMR2-25	10" Maxi Plus	1 x 5µm Washable Sediment	1 x 10µm Carbon Taste & Odour	R2700	3	Fine	20mm
		EMR2-35	10" Maxi Plus	1 x 0.35µm Washable Sediment	1 x 10µm Carbon Taste & Odour	R2700		Very Fine	20mm
Medium to Large Residence	91	EMR2-40	20" Maxi Plus	1 x 5µm Washable Sediment	1 x 10µm Carbon Taste & Odour	R5000		Fine	25mm
		EMR2-50	20" Maxi Plus	1 x 0.35µm Washable Sediment	1 x 10µm Carbon Taste & Odour	R5000		Very Fine	25mm
