

SLASH ENERGY COSTS BY 50%*

TOTAL ANNUAL PUMP RUNNING COSTS*

*Calculation based on typical pump performance data with running time of 5hrs per day with average 40Hz operating speed. 365 days per year at \$0.23 per kWh. CO2 Reduction calculated based on Victoria's Emission factor of 1.08

TECHNICAL DATA

Product Code	IMH750	IMH1100	IMH2200
Hmax (m)	58	60	54
Qmax (lpm)	85	150	275
Voltage	220-240	220-240	220-240
P1 (kW)	0.969	1.382	2.644
P2 (kW)	0.75	1.1	2.2
Phase Current (A)	3.1	4.4	8.2
Plug (A)	10	10	15
Weight (kg)	19	19	28

INTELLIMASTER™ MULTI-STAGE VARIABLE SPEED PUMP

EASY TO INSTALL.
EASY TO OPERATE.

WWW.ONGA.COM.AU

An ECO SELECT® branded product line identifies our "greenest" and most efficient pump choices. By combining efficient pump design with game-changing variable speed technology, the IntelliMaster pump deliver fantastic energy savings while reducing consumption of valuable resources and noise pollution.

ADVANCED VARIABLE SPEED TECHNOLOGY

NOTHING BUT THE BEST.

The Intellimaster variable speed pumps are the latest innovation from Pentair Onga. Every feature of the Intellimaster pump range has been engineered to answer the needs of today's savvy buyer; high-efficiency, reliability and low maintenance.

ENVIRONMENT-FRIENDLY & ENERGY EFFICIENT.

The Intellimaster series of pumps are your perfect environment-friendly, energy saving choice. The variable speed drive adjusts the pump speed in relation to water demand; ensuring constant pressure all of the time. Consuming significantly less power when compared to a conventional fixed pump of the same size!

EASY TO INSTALL. EASY TO OPERATE.

Intellimaster Kits include chosen pump model, variable speed frequency drive, five-way tee, pressure transducer and 8L pressure tank - offering the complete package for easy installation with no additional fittings required!

KEY FEATURES:

16BAR TRANSDUCER
Features an isolation bush to filter out any EMC interference.

LARGE LCD DISPLAY
Easy to read & operate (current, frequency, pressure) with the touch of a button.

Background colour to indicate operating status:

-  Blue = Running
-  Purple = Stopped
-  Red = Alarm

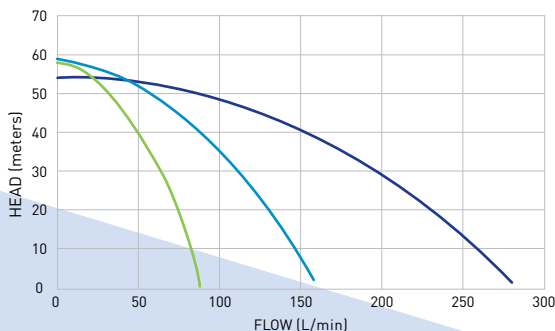

5-WAY TEE
Stainless steel tee with built-in non-return valve.

PRESSURE GAUGE
Monitor pressure at a glance.

FULL STAINLESS STEEL WET END
For robustness and reliability.
