JSK110

JSK120

- The JMM100 is an automatic pressure pump which includes the Minipress. The casing and internal parts consist of precision moulded components for high efficiency and reliability.
- This is an economical household pressure system incorporating the high performance and reliability features typical of Onga.
- The suction inlet is high on the pump body, enhancing self priming and air handling ability, while the totally enclosed, fan-cooled motor gives years of quiet and reliable operation.

APPLICATIONS:

- Automatic domestic water pressure systems.
- High suction lift situations.

AS/NZS 4020:2005 compliant

In-built thermal motor protection

- The JSK range of pressure systems includes three pump and tank combinations to suit almost any home.
- The JS range of pumps features a strong stainless steel pump casing, with precision-moulded internals.
- The suction inlet is set high on the pump body to enhance self priming and air handling ability.
- Pressure switch and pressure tank combination reduces pump starts.

APPLICATIONS:

- Automatic domestic water pressure systems.
- High suction lift situations.

AS/NZS 4020:2005 compliant

In-built thermal motor protection
