

**Aldgate Pump**  
Sales & Service

*Protect your investment with a  
"Diesel Powered" Fire Fighting  
system that can be remote started  
via your "mobile phone"*

Aldgate Pump Sales & Service is proud to be associated with "Graham Lund" the West Australian designer and manufacturer of the SFS01-3G mobile phone controller that can reliably start and stop a diesel powered pumping system. Call James at Aldgate Pumps to discuss upgrading your petrol driven fire protection device to the latest diesel drive technology complete with the added safety of remote starting your fire protection system via a mobile phone.
